

**STATEMENT OF CANDIDATE FOR
MAYOR, CITY OF HOLLISTER**

IGNACIO VELAZQUEZ

Occupation: Mayor, City of Hollister

Education & Qualifications:

It has been an honor and pleasure serving as your Mayor.

There are times when things can be difficult, and I have had many sleepless nights throughout the Covid pandemic. I have worked hard along with others to keep the public informed on how we can fight this virus together. TeamWork is the key to beating this virus and it is also the key to planning a better future for our community.

My vision is to work together as a Team with citizens to create a city that we can all be proud to call home. We can no longer allow Developers and Special interests who spend millions of dollars to get their projects approved at the taxpayers' expense.

We need a majority of Council members who are willing to stand up to the influential developers in our City. Together, our opportunity is finally here to build a better community. We can make great things happen if we come together as One Team!

I humbly ask for your vote as Mayor of our beautiful City of Hollister.

Thank you.
