

Support Chauncey “Slim” Killens For Governor of California in 2021

Defending our Faith, our Families and our Freedoms

Together...We can make an impact!

As a 63-year-old black male, who has lived in the Great State of California the majority of my life, I have benefited and enjoyed the many freedoms this country has offered. These God-given freedoms have slowly eroded over the years both at the State and at the National levels which became shockingly evident with the recent chaos we’ve witnessed around our Nation by BLM, Antifa and white “woke” folk. It is for this reason, that I have decided to enter the gubernatorial race in California. ***If Governor Gavin Newsom is recalled***, as new Governor I, Chauncey Killens, will aggressively support and defend our Faith, our Families and our Freedoms.

- I support **“All Lives Matter”** - Black, White, Hispanic, Asian and Blue lives matter.
- I support **The Constitutional Rights of Religious Freedom** for individuals and churches, using real medical science and common sense in light of the COVID-19 pandemic, to regularly assemble and worship God as they see fit.
- I support **The Parents Right** to remove their children from failing public (Socialist/Marxist Camp) schools and to enroll their children in a school of their choice. Teaching Reading, Arithmetic, Writing!
- I support **Traditional Family Values** and will work with local leaders in the inner cities to help ALL youth take steps to successfully improve their lives through education and employment. I will work to close down Planned Parenthood which has murdered **tens of millions of minority babies** since 1973 Roe V Wade decision.
- I support **Law Enforcement Agencies** that **“serve and protect”** our communities so that citizens can live in peaceful and safe neighborhoods (**NO DEFUNDING POLICE**). I will do everything in my power to stop Human Trafficking and Illegal Drugs from entering our State.
- I support **President Trump’s Administrations** decision to build The Wall helping to keep illegal immigrants, who disrespect our laws, out of our State and cities. I welcome immigrants to the Great State of California who are law abiding and who desire to bring their skills and talents to join us in our efforts to Make California Great Again and Keep America Great.
- I support **The End of Sanctuary Cities**. Nobody is above the law. I will work to overturn any legislation that supports the Early Release of inmates with serious criminal records.
- I will reduce taxes for families so they can keep more of their money. Each individual, not the government, should be allowed to spend their hard-earned money as determined best for their families.
- I will reduce taxes on Small Businesses so they can use their profits to increase local employment opportunities and thrive without fear of inappropriate government intrusion. We will bring large businesses that operate with a sense of integrity back to the State of California. We need to open our economy and let Californians get back to work! Jobs Not Mobs! Small Businesses are the backbone of our economy.

Will you support me in my bid for Governor of California? FAITHFULLY DEFENDING our FAITH, FAMILY and FREEDOM! Help me **“Make California Great Again” in 2021**. What do you have to lose?
